

# Not explaining but experiencing

Picture by the weeklyletter nr. 10 2026

**Quotes:** *“During the days of Holy Week, I sometimes imagine how Jesus might have experienced that final period of his life. I then immerse myself in the stories we have been telling one another for so long and picture the scene in my mind. Entering Jerusalem on a donkey, vulnerable, with all those people cheering him along the roadside.”*

**Comment:** *The palm branches symbolize the victory and welcoming of Jesus as king. Palm Sunday, also known as Palm Easter, is the beginning of Holy Week.*

Greetings on behalf of the Beeldengroep, Cora Bangma-IJssel
