

Welcome

Image for the weekly letter for Sunday 16 August 2026

Quote:

Perhaps global connectedness does not start with the world at all. Perhaps it begins at the kitchen table, with the aroma of meatballs. With someone who makes you feel: you are welcome.

Perhaps that is one of the deepest human longings: to feel welcome. Not because you do everything right. Not because you have to prove yourself first. But simply because you are allowed to be here. Because you are so profoundly human. Simply human enough.
